PURPOSE

The Young Professionals Committee will facilitate interaction among young professionals in the drinking water industry and will promote involvement with

AWWA at the regional and national levels.

GOALS

- Host industrial and municipal facility tours
- Complete an annual community service project
- Host social events including a meet and greet at the MN Section Conference

WHO IS A YOUNG PROFESSIONAL?

A Young Professional is someone

with less than 15 years of experience in the drinking water industry.

who works for a utility, regulatory agency, consulting firm, manufacturer, distributor or other supplier.

who is a student or faculty member of a university or college with water supply engineering or public works program.

AWWA considers all of its members to be water industry professionals.

YPC

MISSION

- Encourage young professionals to become actively involved with the AWWA both regionally and nationally.
- Provide an environment where young professionals can meet and exchange ideas.
- Facilitate opportunities to learn and grow professionally by sponsoring seminars, technical tours and career development programs.
- Encourage community involvement through volunteering and mentoring.
